

UPDATE

The Southern Highlands Community Hospice Project

Design of our Hospice

'A modern hospice provides a quiet and tranquil atmosphere in an environment as much like a family home as possible.'

This has always been SHCH's intent for our community hospice.

SHCH Deputy Chairman and former architect, Richard Bramham, says the design will be sympathetic to the site and in keeping with its surrounds. He is chair of SHCH's Design Committee that will work closely with the architect and land owner Dr Hartnell.

Concept sketches coming. Stay tuned.

\$\$s for snags

Thanks to all for the support at the Show 'n Shine car show at the Mittagong Hub recently and to Hub management for having SHCH as the nominated charity. The sausage sizzle was a hit and with entrance takings, the total was more than \$1000.

Finances

April shop sales: \$65,481
Second highest monthly total this year. Net assets: >\$1.8M

Planning our hospice

Palliative care experts advise SHCH's Design Committee. Their focus is now on looking at the interior design of the Hospice to meet patient needs.
